

BENEFITTING THE ENVIRONMENT AND SUPPORTING LOCAL COMMUNITIES

NEWSLETTER
2022

"We are now able to operate at our full potential, and provide affordable food to our community,"
Anna Cloete,
Co-Op Chair.

BUSINESS TRAINING FOR KENHARDT CO-OP

Thanks to a governance and compliance training programme, a majority women-owned co-op, is on its way to achieving its goal of building an enterprise that is sustainable and helping to supply affordable food to its community.

The Kenhardt Primary Agricultural Cooperative is owned by 20 community members, focused on herb and crop farming as well as agri-processing.

GRADE R CLASSROOM MATERIALS

Kenhardt Primary School received a donation of educational materials and equipment to help enrich the classroom environment and learning for Grade R's. This will ensure that the children entering Kenhardt Primary School have access to the same level of educational resources they had when they attended Vinknessie ECD centre, which is their direct feeder school.

"I am confident that we will see great improvements with the new equipment," Kenhardt Primary School Principal, Mrs Janetta Matthys.

BURSARY TO STUDY LAW

Nicole Adams is a final year law student at North-West University, and the second member of her family to have received a study bursary from Aries Solar Power. Having attended Kenhardt High School, she was eligible for this bursary programme, which is the direct and sole beneficiary of the Aries Solar Power Bursary Programme. With the encouragement of her school science teacher, she followed in her sister's footsteps and applied for financial study assistance.

MANDELA DAY COMMUNITY OUTREACH IN KENHARDT

In support of the Kenhardt Youth Development Project, a local NGO that cares for and supports victims of gender-based violence and violence as a result of alcohol abuse, Aries Solar Power joined stakeholders in an outreach initiative for Mandela Day.
